Independent Auditor's Report

To the Board of Trustees of East Fork Swimming Pool District
Minden, Nevada

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activity East Fork Swimming Pool District (the "District") as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Schedule of Changes in Total OPEB Liability and Related Ratios, Schedule of the District's Proportionate Share of the Net Pension Liability and the Schedule of the District's Contributions on pages 3-6 and pages 25-27, respectively, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated November 3, 2023 on our consideration of East Fork Swimming Pool District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**East Fork Swimming Pool District
Management Discussion and Analysis
For the year ended June 30, 2023**

This section of the East Fork Swimming Pool District annual financial report presents a discussion and analysis of the District's financial performance comparing the fiscal years ended June 30, 2023 and 2022. We encourage readers to read this information in conjunction with the financial statements and notes to gain a more complete picture of the information presented. The District oversees the Carson Valley Swim Center.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of the following:

Statement of Net Assets - provides a picture of the assets and liabilities of the District at the end of its fiscal year, along with the difference between assets and liabilities, which is referred to as net assets.

Statement of Revenues, Expenses and Changes in Net Assets - shows the revenues and expenses that resulted from the District's operations during the fiscal year, regardless of when cash is received or paid, or how those results of operations affected net assets of the District.

Statement of Cash Flows - presents a summary of cash balances at the beginning of the period, increases and decreases in cash during the period, and the balance of the District's cash at the end of the period.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

Financial Highlights

The chart below provides a summary of the basic financial statements:

**East Fork Swimming Pool District
Management Discussion and Analysis
For the year ended June 30, 2023
(Continued)**

1. The District's investment in banks, certificates of deposits, and the State of Nevada Local Investment Government Pool was \$ 2,941,149 as of June 30, 2023. This compares to a total of \$1,984,345 as of June 30, 2022.
2. Revenues from user fees and merchandise sales were \$543,210 during fiscal year 2022-2023. This compares to \$553,125 for 2021-2022 for a decrease of \$9,915.
3. The District's 2022-2023 total operating costs included \$1,294,790 for personnel and \$734,622 for services and supplies for a total of \$2,029,412 compared to the prior fiscal year of \$1,800,981.
4. The District's operating expenses of \$2,491,043 came in under the approved budget operating expense of \$2,611,292.

Operating Fund Ad Valorem Tax Rate

The tax rate for fiscal year 2022-2023 is 0.1300.

Capital Assets

The Nevada Department of Taxation requires the District to have a five-year capital improvement plan. The District knows that many capital expense projects will need to be done in future years but the exact year that each project will be done in is unknown. At the same time, unexpected capital projects may occur that were not anticipated.

The District completed the ADA Bathroom Remodel and New Filter replacement projects during the fiscal year.

- The District completed the ADA Bathroom Remodel and New Filter projects during the fiscal year.

**East Fork Swimming Pool District
Management Discussion and Analysis
For the year ended June 30, 2023
(Continued)**

Summary

During the 2022-2023 fiscal year, the Carson Valley Swim Center was maintained in a clean and like new condition while offering a wide range of aquatic programs and extensive hours of operation will adhering to the pandemic mandates set forth by Governor Sisolak. Attendance for the year was approximately 87,000. There were some significant variations in expenses compared to the budget driven by COVID-19 safety protocols that were put into place. Capital improvement plans for 2022-2023 were used with existing funds. The vacant land purchase was completed using a combination of existing funds and the issuance of a single General Obligation- Medium Term Bond. Your Carson Valley Swim Center is financially sound and operating cost effectively, while providing a first-class water recreational experience for area residents.

Requests for Information

This financial report is designed to provide a general overview of East Fork Swimming Pool District's finances for those interested. Questions concerning any of the information provided in this report or requests for additional financial information can be addressed to the East Fork Swimming Pool District, P.O. Box 1972, Minden, Nevada or by calling (775) 782-8841.

The accompanying notes are an integral part of these financial statements.

EAST FORK SWIMMING POOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 1 - Summary of Significant Accounting Policies:

The accompanying financial statements of East Fork Swimming Pool District (the "District") have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and reporting. The GASB periodically updates its codification of the existing Governmental and Financial Reporting Standards, which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units.

Reporting Entity:

The East Fork Swimming Pool District (the "District") was created by a majority vote of the electors of the East Fork Township at a general election on November 4, 1958 and declared organized by District Judge Richard R. Hanna on November 21, 1958. On September 17, 1977 the Douglas County Board of Commissioners (the "Commission") by Resolution No. 77-41 placed the District in an inactive status and transferred its operation to Parks and Recreation. The Commission, by Resolution No. 86-16 reactivated the District on April 3, 1986. The District's purpose was to construct and operate a swimming pool facility to replace the old facility. The service area of the District (approximately 624 square miles) is that portion of Douglas County consisting of the Town of Gardnerville, the East Fork Fire District and the Sierra Forest Fire Protection District. The District currently maintains and operates the Carson Valley Swim Center in Minden, Nevada.

The Board of Trustees of the East Fork Swimming Pool District consists of citizens of the District who are elected for four-year staggered terms.

Basis of Accounting:

The District's activities are accounted for as an enterprise fund (proprietary fund type). A fund is an accounting entity with a self-balancing set of accounts established to record the financial position and results of operations of the governmental entity. Activities of enterprise funds resemble activities of business enterprises; the purpose is to obtain and use economic resources to meet its operating objectives. The financial statements for the District are reported using the economic resources measurement focus and the accrual basis of accounting. Under this method, revenues are recognized at the time they are earned and expenses are recognized when the related liabilities are incurred.

A proprietary fund distinguishes operating revenue and expenses from nonoperating items. Operating revenues and expenses generally result from an exchange transaction such as providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Nonoperating revenues result from nonexchange transactions or ancillary services.

EAST FORK SWIMMING POOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

The District applies all applicable GASB pronouncements in accounting and reporting for proprietary activities, as well as all Financial Accounting Standards Board (FASB) Statements and Interpretations, Accounting Principles Board (APB) Opinions, and Accounting Research Bulletins (ARB's) of the Committee of Accounting procedures, (unless those pronouncements conflict with or contradict GASB pronouncements) issued on or before November 30, 1989 in accounting and reporting its operations.

Property Taxes:

All real property in the District is assigned a parcel number in accordance with state law, with each parcel being subject to physical reappraisal every five years. A factoring system is used to adjust the appraised value during the years between physical appraisals. The valuation of the property and its improvements is computed at 35% of "taxable value" as defined by statute. The amount of tax levied is developed by multiplying the assessed value by the tax rate applicable to the area in which the property is located. The maximum tax rate was established in the State Constitution at \$5.00 per hundred dollars of assessed valuation; however, as a result of legislative action the tax rate was further limited to \$3.66 per \$100.00 of assessed valuation, except in cases of severe financial emergency as defined in NRS 354.705.

Taxes on real property are a lien on the property and attach on July 1 (the levy date) of the year for which the taxes are levied.

Taxes may be paid in four installments payable on the third Monday in August, and the first Monday in October, January, and March. Penalties are assessed if a taxpayer fails to pay an installment within ten days of the installment due date. After a two year waiting period, if the taxes remain unpaid, a tax deed is issued conveying the property to Douglas County with a lien for back taxes and accumulated charges. Redemption may be made by the owner and such persons as described by statute by paying all back taxes and accumulated penalties, interest and costs before sale.

Secured roll property taxes receivable reflect only those taxes receivable from the last two delinquent roll years. Delinquent taxes from all roll years prior to fiscal year 2020-21 have been written off.

Budgets and Budgetary Accounting:

The District adheres to the Local Government Budget and Finance Act incorporated within the statutes of the State of Nevada, which include the following procedures to establish the budgetary data, which is reflected in these financial statements.

1. On or before April 15, the Board of Trustees of the District files a tentative budget with the Nevada Department of Taxation.
2. Public hearings on the tentative budget are held in May.

EAST FORK SWIMMING POOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

3. Prior to June 1, at a public hearing, the Board indicates changes, if any, to be made to the tentative budget and adopts a final budget by the favorable vote of a majority of the members of the Board. The final budget must then be forwarded to the Nevada Tax Commission for final hearings and approval.
4. Formal budgetary integration in the financial records is employed to enhance management control during the year.
5. The budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America (GAAP), and appropriations lapse at year end.
6. Budget amounts may be transferred if amounts do not exceed the original budget. Budget augmentations in excess of original budgetary amounts may not be made without prior approval of the Board of Trustees following a scheduled and noticed public hearing. The budget was not augmented during the year.
7. In accordance with State Statute, actual expenditures may not exceed appropriations in the fund, except as permitted by law by NRS 354.626.

Cash and Investments:

For the purposes of the statement of cash flows presented for proprietary funds, cash equivalents are defined as short-term, highly liquid investments, generally with original maturities of three months or less.

Investments are recorded at fair value.

Pursuant to NRS 355.167 and 355.170, the District may only invest in the following types of securities:

- United States bonds and debentures maturing within ten (10) years from the date of purchase.
- Bills and notes of the United States Treasury and obligations of an agency or instrumentality of the United States of America or a corporation sponsored by the government maturing within ten (10) years from the date of purchase.
- Negotiable certificates of deposit from commercial banks and insured credit unions or savings and loan associations.
- Certain securities issued by local governments of the State of Nevada.
- State of Nevada Local Government Investment Pool.

EAST FORK SWIMMING POOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

- Other securities expressly provided by other statutes, including repurchase agreements.
- Certain banker's acceptances, commercial paper issued by a corporation organized and operating in the United States, and Money Market Mutual Funds.

Capital Assets:

Capital assets are reported in the basic financial statements. Assets are recorded at historical cost or estimated historical cost. Contributed assets are recorded at their estimated fair market value at the date of donation. The District has set a capitalization policy of \$5,000 for all classifications of capital assets. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Depreciation is computed using the straight-line method over the following estimated useful lives:

Pool Facility	5-30 Years
Equipment	5-10 Years

Net Position:

In the Statement of Net Position, equity is classified as net assets displayed in two components:

- **Invested in capital assets**-consists of capital assets, net of accumulated depreciation.
- **Unrestricted net assets**-All other net assets that do not meet the definition of the above category.

Inventory:

Inventory is valued at the lower of cost (first-in, first-out) or market. Inventory in the Statement of Net Assets includes consumable supplies and materials used for maintenance of the water pool facility and aquatic merchandise and concession food items held for resale.

Accounts Receivable:

The District makes no provision for user fees receivable. Adequate legal remedies are presently available to enforce the collection of such taxes as well as user fees, and any amounts which may ultimately prove uncollectible should not be material in amount.

Compensated Absences:

In proprietary funds, compensated absences are recorded when the liabilities are incurred.

EAST FORK SWIMMING POOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

Cash and Cash Equivalents:

For purposes of the statement of cash flows, cash equivalents include time deposits, certificates of deposit, all highly liquid debt instruments with original maturities of three months or less and investments in pool accounts which are available upon request.

Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 – Stewardship, Compliance and Accountability:

- The District conformed to all significant statutory and code requirements on its financial administration during the year.

NOTE 3 – Cash and Investments:

As of June 30, 2023, the District had the following investments and maturities:

Investment Type	Fair Value	Investment Maturities (in Years)	
		Less than 1	1 to 5
State of NV Local Government Investment Pool*	\$ 2,769,192	\$ 2,769,192	\$ -
Total Cash (Carrying Amount)	53,683	53,683	-
 Total Cash and Investments	 \$ 2,822,875	 \$ 2,822,875	 \$ -

*Average weighted maturity is 113 days.

The District is a voluntary participant in the State of Nevada Local Government Investment Pool (LGIP), which has regulatory oversight from the Board of Finance of the State of Nevada. The District's investment in the LGIP is equal to its original investment plus monthly allocation of interest income and realized and unrealized gains and losses, which is the same as the value of pool shares. The District's investment in LGIP is reported at fair value.

Nevada Revised Statutes (NRS 355.170) set forth acceptable investments for Nevada local governments. The District has not adopted a formal investment policy that would further limit its exposure to certain risks as set forth below:

EAST FORK SWIMMING POOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

Interest Rate Risk – Interest rate risk is the risk of possible reduction in the value of a security, especially a bond, resulting from a rise in interest rates. As noted above, the District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates beyond those specified in the Statute.

Credit Risk – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation and is a function of the credit quality ratings of investments. The State of Nevada Investment Pool is unrated, and as noted above, the District does not have a formal investment policy that specifies minimum credit ratings.

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned. The District's bank deposits are covered by FDIC insurance and collateralized by the Office of the State Treasurer/Nevada Collateral Pool.

NOTE 4 – Risk Management:

The District purchases commercial insurance for various risks of loss related to torts, errors and omissions and theft, damage to, and destruction of assets. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTE 5 – Subsequent Events:

Management has evaluated subsequent events through November 3, 2023, which is the date these financial statements were available to be issued and these financial statements have not been updated for subsequent events occurring after that date.

The District purchased a vacant parcel adjacent to the primary facility on November 11, 2021 for \$1,353,232. The District used a combination of existing funds and the issuance of General Obligation Medium-Term Bond, Series 2021 for the purchase. The bond has a principal amount of \$484,000, payable over 4 remaining years with an interest rate of 1.56% per annum.

NOTE 8 – Postemployment Health Care Plan:

Plan Descriptions: East Fork Swimming Pool District administers a single-employer defined benefit healthcare plan. The plan provides medical, vision, dental, and life insurance benefits to eligible retired East Fork Swimming Pool District's employees and beneficiaries.

Benefit provisions for the plan are established pursuant to NRS 287.023. NRS 288.150 assigns the authority to establish benefit provisions to the Board of Trustees. The plan provides healthcare insurance for eligible retirees and their beneficiaries through East Fork Swimming Pool District's group health insurance plan, which covers both active and retired members. Under NRS

EAST FORK SWIMMING POOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

287.023, eligible retirees are able to participate in the plan with blended rates, thereby benefitting from an implicit subsidy. Retirees are required to pay 100% of their premiums under the plan. As of June 30, 2023, no retirees were using this plan. The plan does not issue a publicly available financial report.

Funding Policy: The District pays the full cost of active employee coverage. Employees pay the full cost of any optional dependent care coverage and retirees pay the full cost of their personal and dependent coverage. Claims experience of employees and retirees are pooled when determining premiums and retiree and active employees pay the same rates resulting in an “implicit” subsidy of retirees’ cost by active employees. Following is the number of inactive and active employees eligible for benefits at June 30, 2023:

Inactive employees currently enrolled	4
Active employees enrolled	6

A separate plan is not issued for the plan.

Total OPEB Liability: Following is the District’s total OPEB liability that was measured as of June 30, 2023, and was determined by an actuarial valuation as of June 30, 2023.

District Plan	\$18,628
---------------	----------

Actuarial Methods and Assumptions: Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between the District and the plan members to that point. Projections of benefits for financial reported purposes do not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and plan members in the future. Actuarial calculations reflect long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculation.

EAST FORK SWIMMING POOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

Significant methods and assumptions used in the June 30, 2023 actuarial valuation were as follows:

Valuation date	June 30, 2023
Funding method	Entry Age Normal Cost, closed group, level percent of pay
Asset valuation method	N/A-No OPEB trust established
Discount rate (S & P General Obligation Municipal Bond 20 Year High Grade Index	4.13% as of June 30, 2022 4.09% as of June 30, 2023
Participants valued District Plan	Only current active employees and retired participants and covered spouses are valued. No future entrants are considered
Actuarial assumptions:	
Projected salary increase	3.0%
General inflation rate	2.50%
Healthcare cost trend rates	6.8% in 2024 to 3.9% in 2075 thereafter

Mortality:

The mortality rates were described in the June 30, 2021 actuarial valuation of the Nevada PERS program as being reasonably representative of mortality experience as of that measurement date. Non-disabled life rates for Regular employees:

Males: PUB 2010 Tables

Females: PUB 2010 Tables

Mortality Improvement: The mortality rates described above were then adjusted to to anticipate future mortality improvement by applying MacLeod Watts Scale 2021 from 2010 forward, on a fully generational basis.

2027	(4,631)
Thereafter	<u>(12,099)</u>
	<u>\$ (37,566)</u>

NOTE 9 – Defined Benefit Pension Plan:

Plan Description. All permanent full time employees are provided pensions through the Public Employees Retirement Plan (PERS). The plan is a multiple employer defined benefit pension plan administered by the Public Employees Retirement System of the State of Nevada (PERS). Chapter 286 of the Nevada Revised Statutes (NRS) establishes a governing board, appointed by the Governor that is responsible for managing the System, including arranging for a biennial actuarial valuation and adoption of actuarial tables and formulas prepared and recommended by the actuary.

Benefits Provided. Benefits, as required by the Nevada Revised Statutes (NRS or statute), are determined by the number of years of accredited service at time of retirement and the members' highest average compensation in any 36 consecutive months with special provisions for members entering the System on or after January 1, 2010. Benefit payments to which participants or their beneficiaries may be entitled under the plan include pension benefits, disability benefits, and survivor benefits.

Monthly benefit allowances for members are computed as 2.5% of average compensation for each accredited year of service prior to July 1, 2001. For service earned on and after July 1, 2001, this multiplier is 2.67% of average compensation. For members entering the System on or after January 1, 2010, there is a 2.5% service time factor and for regular members entering the system on or after July 1, 2015, there is a 2.25% factor. The system offers several alternatives to the unmodified service requirement allowance which, in general, allow the retired employee to accept a reduced service retirement allowance payable monthly during his or her lifetime and various optional monthly payments to a named beneficiary after his or her death. Post-retirement increases are provided by authority of NRS 286.575-.579.

Regular members are eligible for retirement at age 65 with five years of service, at age 60 with ten years of service, or at any age with thirty years of service. Regular members entering the

EAST FORK SWIMMING POOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

System on or after January 1, 2010, are eligible for retirement at age 65 with five years of service, or age 62 with ten years of service, or any age with thirty years of service.

The normal ceiling limitation on monthly benefit allowances is 75% of average compensation. However, a member who has an effective date of membership before July 1, 1985, is entitled to a benefit of up to 90% of average compensation. Regular members become fully vested as to benefits upon completion of five years of service.

Contributions. The authority for establishing and amending the obligation to make contributions, and member contribution rates is set by statute. The contribution rates are based on biennial actuarial valuations and expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. New hires, in agencies which did not elect the Employer-Pay Contribution (EPC) plan prior to July 1, 1983 have the option of selecting one of two contribution plans. One plan provides for matching employee and employer contributions, while the other plan provides for employer-pay contributions only. Under the matching Employee/Employer Contribution plan a member may, upon termination of service for which contribution is required, withdraw employee contributions which have been credited to their account. All membership rights and active service credit in the System are canceled upon withdrawal of contributions from the member's account. If EPC was elected, the member cannot convert to the Employee/Employer Contribution plan.

East Fork Swimming Pool District has elected the EPC plan for all employees. The District's contributions to the plan totaled \$137,294 for the year ended June 30, 2022 of which 50% or \$68,647 is considered employees contributions for reporting purposes. Total contributions were based on a rate of 25.87% of covered compensation.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2023, the District reported a liability of \$1,126,751 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension relative to the projected contributions of all participating employers for the year ended June 30, 2022. At June 30, 2022, the District's proportion was .00624% compared to .00563% at June 30, 2021.

For the year ended June 30, 2023, the District recognized pension expense of \$38,504. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

EAST FORK SWIMMING POOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 145,896	\$ 805
Changes of assumptions	144,739	-
Net difference between projected and actual earnings on pension plan investments	13,747	
Changes in proportion and differences between actual and proportionate share of contributions	77,408	111,723
District contributions subsequent to the measurement date	79,011	-
Total	<u>\$ 460,801</u>	<u>\$ 112,528</u>

\$79,011 reported as deferred outflows related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	Amount
2024	\$ (13,119)
2025	(39,042)
2026	(32,353)
2027	(152,035)
2028	(32,714)
Thereafter	-
	<u>\$ (269,263)</u>

Actuarial Assumption. The total pension liability in the June 30, 2022 actuarial valuation was determined using the following assumptions, applied to all periods including the measurement:

Inflation	2.50%
Payroll growth	5.0%, including inflation
Investment rate of return	7.25%
Productivity pay increases	0.5% Plus
Salary increases	
Regular	4.20% to 9.10%
Consumer Price Index	2.75%
Other assumptions	Same as those used in the June 30, 2021 funding actuarial valuation

EAST FORK SWIMMING POOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

Investments: The Board evaluates and establishes expected real rates of return (expected returns, net of investment expenses and inflation) for each asset class. The Board reviews these capital market expectations annually. The PERS current long-term geometric expected real rates of return for each asset class included in the plan's investment portfolio as of June 30, 2019 are included in the following table:

Asset Class	Target Allocation	Long-Term Geometric Expected Real Rate of Return*
Domestic equity	42%	5.50%
International equity	18%	5.50%
Domestic fixed income	28%	0.75%
Private markets	12%	6.65%

*As of June 30, 2022, PERS' long-term inflation assumption was 2.50%.

Discount rate. The discount rate used to measure the total pension liability was 7.25% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed plan contributions will be made in amounts consistent with statutory provisions and recognizing the plan's current funding policy and cost-sharing mechanism between employers and members. For this purpose, all contributions that are intended to fund benefits for all plan members and their beneficiaries are included, except that projected contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate. The following represents the District's proportionate share of the net pension liability calculated using the discount rate of 7.5% as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate 1 percentage point lower (6.50%) or 1 percentage point higher (8.50%) than the current discount rate:

	1% Decrease	Current Rate	1% Increase
	6.25%	7.25%	8.25%
District's net pension liability	\$1,729,931	\$1,126,751	\$629,037

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and
Other Matters Based on an Audit of Financial Statements Performed
In Accordance with *Government Auditing Standards*

To the Board of Trustees of
East Fork Swimming Pool District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activity of East Fork Swimming Pool District (the "District") as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the East Fork Swimming Pool District's basic financial statement and have issued our report thereon dated November 3, 2022.

Internal Control over Financial Reporting:

In planning and performing our audit of the financial statements, we considered East Fork Swimming Pool District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters:

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations and contracts, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report:

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Yerington, Nevada

Arrighi, Blake - Associates, LLC

Report on Nevada Revised Statute 354.6241

To the Honorable Board of Trustees of
East Fork Swimming Pool District

We have reviewed the assertion provided by management in accordance with Nevada Revised Statute 354.624(5)(a):

- The identified fund is being used expressly for the purpose for which it was created.
- The fund is administered in accordance with accounting principles generally accepted in the United States of America.
- The sources of revenues available for the fund are as noted in the financial statements.
- The fund conformed to significant statutory and regulatory constraints on its financial administration during the year ended June 30, 2023.
- The net position of the fund is as noted in the financial statements.

This assertion is the responsibility of the management of East Fork Swimming Pool District.

Our review was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on the assertion. Accordingly, we do not express such an opinion.

Based on our review, nothing came to our attention that caused us to believe that the assertion provided by management referred to above is not fairly stated in all material respects.

Yerington, Nevada
November 3, 2023

Arrighi, Blake & Associates, LLC

AUDITOR'S COMMENTS

STATUTE COMPLIANCE

The required disclosure on compliance with Nevada Revised Statutes and the Nevada Administrative Code is contained in Note 2 to the financial statements.

CURRENT YEAR RECOMMENDATIONS

There are no specific recommendations made in the audit report for the current year.

PRIOR YEAR STATUTE COMPLIANCE

The District conformed to all significant statutory constraints on its financial administration during the year ended June 30, 2022.

PRIOR YEAR RECOMMENDATIONS

There were no prior year recommendations to be implemented during the 2022-2023 fiscal year.
